My Dad, Paul Frase, is a home builder who currently builds condominiums in Jacksonville, Horida, where we live. He played football for the Jets, Jaguars, Green Bay Packers, and the Baltimore Ravens. He played for a total eleven years in the National Football League. His number was 91, and he was a Defensive lineman. One year he hurt his back, and had surgery. He continued to play football, after his recovery, for five more years. Unfortunately, his career ended. I bet he was really upset when he retired, and I was too. I enjoyed watching him play on television, and listening to the stories he told me about his career. My Dad is so handsome, and strong. He takes me to cool Places like football games, and my very first Nascar race! He also holds, and hugs me, and that makes me feel very loved. I love to be hugged by him.

My Mom is Alison Frase. She is so sweet,
and Kind. She is in Charge of my foundation,
and runs the whole thing. This Keeps her
really busy on the computer. She is constantly
contacting people, and checking the website
for the foundation. In the past, she also had
an antique shop with a friend. My Mom is
very special to me because I know she loves
me with all her heart. She is also very
beautiful. Mom smooches on me every morning
and tells me, you better not kiss anyone else
like this. "That makes me feel special because
those kisses are just for us!

My sister, Isabella is three years old.
She was a blessing to my parents. Today she
is a toddler, and she was the cutest baby
I ever saw. We are typical syblings that
fight alot. She always wants everything that
I have! She always says, "that's mine!"
But, I really do love her. She will be my best helper as she grows up. Isabella is also very goofy like me, and likes to play playstation
helper as she grows up. Isabella is also very
goofy like me, and likes to play playstation
games. Well not really, we give her the controller, and she thinks she is playing the
Controller, and she thinks she is playing the
game with me. This makes her happy.
